

# A RETURN TO ROOTS

Posted on 2017-01-21/2019-12-14 by spd\_wp\_admin

Dear Reader,

Yesterday, a friend (Keith C – see Blog Roll) and I walked the 12k Johnston Canyon Trail up to the ink pots and back, with tripod and cameras. The temperature hovered around 0 degrees, and the metal cleats that attached to my boots were both necessary and superb. It was a good day.

The outcome of that trip was the gallery below, an update to the Book of Skies gallery, and a new collection also on the gallery page called “A Return To Roots”.

Those are all quite nice, I especially like the third one from the left.
