

PANO TIME 01

Posted on 2018-04-19 2019-12-17 by spd_wp_admin

Dear Reader,

Today, I have some lighter fare for you. The 3 high resolution photos are from my recent trip to the Yukon. Magic light and landscape. Photo no. 3 could print at over 52 x 18 inches at 300 dpi. Photo no. 1 is an early experiment in panorama. It is the result of older technology and a processing error. It makes me smile.
