

ON THE VERGE 02

Posted on 2019-05-05 2019-05-05 by spd_wp_admin

Dear Reader (2019-05-05),

I know it has been weighing on your mind – has the OTV series come to an end? Fear not, the raw material for another 2 or 3 images have been sitting on the hard-drive waiting for a grey day. Days where colour and contrast have been interesting enough to compensate for “The Time of The Flat Light” have been rare. And so, yesterday and today were fine times to do some assembling. The result is a new addition to the On The Verge series.

As in the other cases, this image loses sharpness through compression. If you would like to see the crispy version, please let me know.

Cheers, Sean

I'm not quite sure what I think of this one, particularly the addition of vehicles.

Thank you for visiting and commenting. This is probably a beverage conversation. Cheers
