

MORE INTERLUDE

Dear Reader (2019-12-26),

I hope you are having a wonderful week. In my delusions, I like to think you enjoyed the Christmas Eve Interlude, and said to yourself “I like that – I wonder if there are more like it”. How nice of you ask.

Mallard Point is often nice. Love the sky in the first interlude!

Thank you for visiting and commenting. I too much prefer the sky in the first interlude. On the other hand I find the composition and 3:1 format of the second interlude appealing.
