

# SENTINELS RELEASED (NEW SERIES)

Posted on 2020-02-29 2020-09-16 by spd\_wp\_admin

Dear Reader (2020-02-29),

I am really pleased and excited to share with you a new series called "Sentinels". This ongoing body of work began taking form nearly 2 years ago. Below is the series introduction from my [CV and Artist's Statement \(click here\)](#).

*"Sentinels" is a series under the Roadside Attractions (click here) umbrella. Across the foothills and prairies, hay bales stand alone. I now call these guardians muffets. Like cows, they make me smile. Grain bins are my new anchors for a long running interest in limits.*

I look forward to your comments, and I am particularly interested in knowing of any images that you think should be edited out of the collection.
